

OUR MISSION...

The mission of the Oklahoma Clean Lakes and Watersheds Association (OCLWA) is to provide a forum for scientists, citizens, and professionals to exchange ideas, receive education and form partnerships to foster sound management and protection of **lakes** and **watersheds**.

WHO IS THE OCLWA?

As the State Chapter of the North American Lake Management Society, the Oklahoma Clean Lakes and Watersheds Association (OCLWA) includes members from federal, state, local governments, universities and individuals who have a commitment to managing Oklahoma's waters. The Oklahoma Clean Lakes and Watersheds Association has changed its name. Formerly, the Oklahoma Clean Lakes Association, the membership has voted to include "Watersheds" in the name to broaden our membership base to include those who thought we were solely a lakes organization. For more information on our parent organization, NALMS, visit www.nalms.org and watch for a future website for OCLWA.

WHAT DOES OCLWA DO?

The Annual Symposium is one of the few opportunities in Oklahoma to meet with other water quality professionals and interest groups to share projects and make new friends.

Lake Sweep is an OCLWA hosted event, which is a trash pickup program that "sweeps" Oklahoma's shorelines free of unsightly litter. If you would like more information on bringing a "Lake Sweep" to your area, please notify one of our board members.

OCLWA supports various water-related organizations and events through monetary donations, scholarships, or coordination and event hosting.

BOARD MEMBERS...

Past President	Jennifer Wasinger , Office of the Secretary of the Environment
President	Tony Clyde US Army Corps of Engineers
President-Elect	Noble Jobe , Murray State College
